WELCOME TO COPENHAGEN

We love going new places. And our previous journeys have taken us to cities like Amsterdam, Paris and Stockholm. But this time we stayed close to home. Because one of the things we've learned these past years is to see and appreciate all the beauty that is right in front of us. We have fallen in love with our capital city all over again. The laid-back, scandi-cool Copenhagen vibe perfectly matches the TEE JAYS spirit and our premium-quality essentials. Join us as we share some of our favorite spots in Copenhagen together with our 2022 collection. A collection that holds both new and well-known favorites.

Welcome to Copenhagen. And welcome to TEE JAYS anno 2022.

CITY OF CONTRASTS

Copenhagen is a city of contrasts. An eclectic place where old meets new, and where modern Nordic design traditions meet ancient architecture. We love the sight of the city's distinctive modern architecture contrasting ancient historical landmarks, some of which reach all the way back to the 10th century.

In Copenhagen, classic meets modern. And perhaps the reason we love it so much is that it rhymes perfectly with our design philosophy and our approach to making clothes. We want to make modern styles inspired by Nordic design traditions, celebrating simplicity and clean lines. All the while staying true to our heritage and forever favoring timeless classics like the T-shirt.

EXPLORE WITH US

Shooting this catalogue took us to some of the most iconic and beautiful spots in Copenhagen. Places that should absolutely be high on your list if you ever visit.

KASTRUP SEA BATH

Kastrup Sea Bath is a public swimming facility and an architectural gem situated in the Oresund region of Copenhagen. Here you can go for a swim all year round in the beautiful wooden sea pool enclosure known locally as "the snail". If you're not up for a swim, you can simply enjoy the magical sight of the wooden sculpture and the excellent views of Oresund and Sweden. You can see some of our shots from Kastrup Sea Bath on page 62 featuring our Power Series.

QUEEN LOUISE'S TEA HOUSE

One of our favorite locations was Queen Louise's Tea House located in the beautiful and idyllic garden of Bernstorff Castle near Copenhagen. Originally used as a guest house for visitors of Bernstorff Castle, the tea house is now run by the family-owned business Chaya, who serve their own homemade tea and a selection of delicious home baked goods. Chaya also rents out Paradehuset, one of the garden's rustic greenhouses, which has large glass windows and a stunning view of the sky and the garden.

HOTEL KONG FREDERIK

If you want to sleep with class (and feel like royalty), you should stay at Hotel Kong Frederik, a true icon in Copenhagen. One of Copenhagen's oldest hotels, this place oozes nostalgia and classic old-school charm. The hotel is built in classic English townhouse style, and the interior is lavish and decadent, with antique furniture, glamorous chandeliers and beautifully decorated stucco ceilings. Hotel Kong Frederik is truly an experience, and you can't help but fall in love with the place.

REFSHALEØEN

Refshaleøen is one of our favorite places in Copenhagen. A former industrial district, this small island is now one of the most hip and vibrant places in city. We shot some of our images at the cool Skabelonloftet, which is an 80 year old shipyard loft with 20 studios. Today, Skabelonloftet is a community for art professionals and creatives, and we love the rustic, industrial atmosphere. While you're in Refshaleøen, don't miss the popular food market Reffen with over 50 stalls offering organic food for all tastes.

OUR JOURNEY

In 1976 Terry and Jim founded TEE JAYS Mfg. Co working out of Terry's garage with nothing but a bunch of sewing machines. After a few years, Jim decided to leave the company, and Terry continued carrying out his dream.

Living in the beautiful countryside of Florence Alabama, Terry and his family knew textile manufacturing and worked in the industry for their entire careers. Terry's grandmother worked her whole life for a single garment-manufacturing mill running a flat lock machine every day until her retirement. His father Paul started in the mills right out of high school.

The garage with the 25 sewing machines quickly became a full vertical production plant with knitting, dyeing, cutting, sewing and screen-printing. The Wylie family was determined to bring the complete T-shirt with decoration into the premium market. Terry saw the potential in making printed and custom-made garments instead of selling blank printables as a key strategy, which turned out to be a very clever and lucrative move.

In the period from 1976 to 2002, Terry and his family build a very well respected company in Florence Alabama. At their peak, TEE JAYS employed 4000 people in Florence, had 19 production plants and shipping departments and were the third largest employer in the Shoals area and the fifth largest T-shirt manufacturer in the US.

ACROSS THE ATLANTIC

On a sunny day in 1979, my father George visited a tradeshow in Anaheim, California. At that time, he and my mother Lone owned the wholesale business LG Sportswear in Denmark. As my dad walked past the TEE JAYS stand, a man remarked "I love the smell of your pipe". The man was Terry, and his comment became the beginning of a lifelong friendship. My dad later visited Terry in Florence, Alabama to discuss the possibilities for representing TEE JAYS in Europe. Four weeks later the first shipment of Sof Tee heavyweight T-shirts was sent from Alabama to LG Sportswear. At that time, my mom and dad ran LG Sportswear from the basement in our home, and my older brother Anders and I earned our first pocket money packing the orders.

My dad did a great job for TEE JAYS. He made a success of selling the original US Sof Tee T-shirt in high-end retail stores in Denmark and wanted to do the same in other European countries. In 1980 he was hired as the European Sales Director for TEE JAYS – a job that he was dedicated to for more than 20 years. The business grew stronger, and so did the friendship between Terry and my father. In 1986 my dad had a Danish artist draw a new logo for TEE JAYS, and he gave it as a gift to Terry. Terry loved it so much that he changed the logo on all T-shirts, boxes, trucks etc.

THE SECOND GENERATION

As a kid I was fascinated by my dad's work and the life he led. I always knew that I wanted to be exactly like him. One day my dad asked if I wanted to go to the US and work for TEE JAYS Mfg. Co. to learn the production side of the business. I didn't hesitate for a second, and in August 1990 I went to Alabama. I spent 18 months working in all departments and learning about knitting, dyeing, cutting, sewing and screen-printing. When I returned to Denmark I started working for LG Sportswear, primarily focusing on sales and purchasing. The timing was perfect. Terry and George agreed that we could outsource our own Basic 150 GSM T-shirt to Bangladesh with a TEE JAYS neck label. The first offshore TEE JAYS tee was produced in 1995.

A NEW CHAPTER

A lot has happened since Terry opened a small production facility in his garage in Florence, Alabama. To say the least. For 25 years my family had strong ties to TEE JAYS, Terry and his family; as customers with LG Sportswear ApS, my father as an employee, and most importantly as very close friends. Terry's retirement came at a perfect time, and we were ready to carry on his life's work.

I remember clearly when my dad George said to me in the early spring of 2003: "What's the plan now? It's your time son". I was 31 years old, and the answer was clear. I saw a big gap in the European promotional market, and I wanted to fill it by creating a full-line brand of quality products. After watching and looking up to Terry and my dad for so many years, I couldn't wait to carry on the torch and give the TEE JAYS Brand a new life in Europe, focusing on lifestyle products and high quality.

The market responded positively to the TEE JAYS quality level and new image. With the support of our Scandinavian customers and European distributors, TEE JAYS became known as the premium leisurewear brand in Europe. In 2015 we got the rights for TEE JAYS in the US and purchased the teejays.com domain. We have spent the past decades defining and strengthening the TEE JAYS brand and our position in the European market. We are currently in the process of making new office and warehouse additions in order to be able to service the huge demand on the European market. And to secure space for our ambitious five-year growth plan. Our primary goal is to stay focused and do what we do best - that is to provide excellent service and to produce high-guality essentials that last.

It might be a long way from Denmark to Alabama. But we've taken the most important things with us, which is the brand's vision and the values that TEE JAYS was founded on. It is the love of excellent, durable materials. The no-compromise approach to construction and fit. And the simple yet very well thought-out design that makes the clothes look and feel amazing.

This applies to all our designs, from T-shirts and polos to sweats and jackets. Our designs are simple, and even though we do take inspiration from trends, our top priority will always be to create timeless classics that will last for years and years. Not only because it's the most comfortable for the people wearing it, but also because durable clothing is better for our planet and for the industry. This aligns with our continued focus on sustainability. Many of our styles are available in certified organic cotton. And some even in materials made from recycled plastic waste.

I'm very proud of where we are today. That we've been able to carry on Terry's life's work. And stay true to the founding values of TEE JAYS, while still moving forward and adapting to the world that we're living in today.

I can't wait to see what the future holds.

ORGANIC & RECYCLED

Our Organic and Recycled logos are used to indicate which styles are made from Organic cotton and Recycled post-consumer plastic waste.

OUR RESPONSIBILITY

At TEE JAYS we recognize the huge social responsibility we hold as a clothing manufacturer and wholesaler. We owe it to our planet to do what we can to help foster positive change and promote a greener, more sustainable way of making clothes. This includes rethinking materials and how we use them.

As part of our long-term sustainability strategy we are always looking for ways to offer less harmful and more sustainable alternatives to traditional cotton. We have already introduced many of our styles in organic cotton, and we are in the process of turning more of our styles organic. In 2021 we introduced our first ever collection made from recycled post-consumer plastic. What exactly makes organic cotton so much better for our climate? It has to do with the way the cotton is produced. The production of organic cotton doesn't allow the use of toxic pesticides and fertilizers or genetically-modified seeds and pesticides, which reduces air pollution and is much healthier for the soil, for ecosystems, and for cotton farmers.

Organic cotton production also uses 88 per cent less water and 62 per cent less energy than traditional cotton production. And then there are the personal benefits: Being free from chemicals, organic cotton is proven to be hypoallergenic and is much softer and better for the skin than conventional cotton.

COMPANY CSR POLICIES

At TEE JAYS we recognize the huge responsibility we hold as a fashion retailer. And we owe it to our planet and our next generations to do what we can to help foster positive change and promote a more sustainable way of making clothes. Clothes in premium quality that lasts. Within our range you will find products made in Organic cotton and Recycled polyester fabrics. In 2021 we also became a proud member of The Better Cotton Initiative/BCI. And off course every product are covered by STANDARD 100 OEKO-TEX®. Our Code of Conduct is based on UN Global Compact's 10 principles which are based on internationally adopted declarations and conventions on human rights, labour rights, environmental protection and anti-corruption. TEE JAYS does not own any factories, but we cooperate with suppliers that understand the importance of complying with the guidelines of our Code of Conduct about the ethics and behaviour throughout the supply chain.

TEE JAYS are a member of Amfori, the leading global business association for open and sustainable trade. Its mission is to enable each of its members to enhance human prosperity, use natural resources responsibly and drive open trade globally. TEE JAYS Participate in Amfori BSCI in order to better monitor and improve the social performance within our supply chains. We endorse the eleven principles of the amfori BSCI Code of Conduct and recognize that improving working conditions in our supply chains is a necessity for the overall resilience and performance of our business.

OEKO-TEX ® CONFIDENCE IN TEXTILES STANDARD 100 2176-338 DT Tested for harmful substances, www.eko-tex.com/standard100 TEE JAYS products are covered by STANDARD 100 OEKO-TEX® which is one of the best-known labels for textiles and guarantee that the clothing does not contain harmful substances. It is the world's leading independent testing institutes and regularly controls all testing for substances which are harmful to human health and the environment. Clothing that are certified by the STANDARD 100 OEKO-TEX® is subject to requirements covering pH value and the content of, for example, pesticides and heavy metals.

The Organic Content Standard/OCS verifies organically grown content and tracks it from the source to the final product. The TEE JAYS products which is Organic Content Standard/OCS certified is marked with "organic cotton symbol". Products certified to the Organic Content Standard/OCS contain organically grown content that has been independently verified at each stage of the supply chain, from the farm to the finished product. The purchase of Organic Content Standard/OCS certified products demonstrates demand for organic agriculture. Organic cotton is produced and certified to organic agricultural standards, which require practices to sustain ecosystems.

The Recycled Claim Standard/RCS verifies recycled content and tracks it from the source to the final product. Products certified to the Recycled Claim Standard contain recycled content that has been independently verified at each stage of the supply chain, from the recycler to the finished product. The purchase of RCS certified products demonstrates demand for recycled content.

TEE JAYS are a proud member of The Better Cotton Initiative/BCI and we are committed to improving cotton farming practices globally with the Better Cotton Initiative/BCI. Better Cotton is sourced via a system of Mass Balance and is not physically traceable to end products. We are committed to sourcing 95% of our cotton as more sustainable cotton by 2025. More sustainable cotton includes BCI Cotton and Organic cotton. The Better Cotton Initiative/BCI connects people and organizations throughout the cotton sector, from field to store, to promote measurable and continuing improvements for the environment, farming communities and the economies of cotton-producing areas.

cool combination

CROSSOVERS

Our padded crossover jackets combine different materials for a vibrant and modern feel. It is the ideal choice if you're looking for a comfortable and practical jacket but prefer a more fashionable look than you get with traditional outdoor styles. All our crossovers have a modern shaped fit and extra sleeve length.

CROSSOVER BODYWARMER

For this trendsetting bodywarmer we have used a combination of our lightweight 300T polyester with padding and softshell, which adds a sporty, urban vibe.

Womens Crossover Bodywarmer | Style 9625

CROSSOVER JACKET

A two-tone jacket with a shaped fitting, made from a combination of a light polyester 300T with padding and softshell for a casual, urban vibe. It features an adjustable hem, elastic cuffs, two side pockets and an inner pocket.

Crossover Bodywarmer | Style 9624

Crossover Jacket | Style 9626

HOODED CROSSOVER

Our cool Hooded Crossover jacket features stunning detailing such as a chest pocket with a zipper and an adjustable hood, making it both practical and fashionable. For a sporty look we have used a combination of a light polyester 300T with padding and softshell. The jacket has an adjustable hem, elastic cuffs, two side pockets and an inner pocket.

HOODED OUTDOOR CROSSOVER

This casual midyear jacket is a combination of our knitted fleece and our 400T sporty ripstop polyester jacket. It has an authentic, casual and sporty look and is perfect as your daily leisurewear jacket.

ZEPELIN JACKETS

Lightness and functionality are key elements in our Zepelin jackets. A collection of warm padded jackets and bodywarmers made from 300T water-repellent shell fabric with artificial down padding for maximum warmth. All styles have a shaped fit and extra sleeve length for a clean, modern look.

ZEPELIN JACKET

ZEPELIN BODYWARMER

This lightweight padded bodywarmer is styled and shaped for an optimal fit and a clean, cool look. It has two side pockets and an inner pocket.

the concious jackets RESPONSIBLE WEAR

LESS WASTE, MORE RECYCLING

Plastic is difficult to get rid of. It is mostly non-biodegradable, and too much of it ends up in our oceans. By using materials made from recyclables we can contribute to the elimination of plastic waste while reducing energy use and the demand for oil.

This is why we have created our first ever collection using recycled fabrics, meaning fabrics made from unusable post-consumer plastic and nylon waste. These styles are marked with our "recycled" logo.

LITE JACKET

This lightweight padded jacket is made of recycled polyester, and insulated with premium DuPont[™] padding. The matte textured 1×1 ripstop fabric and clean Scandinavian design gives this jacket a modern silhouette. It features a quality SBS zipper, inner pocket, 2 large front pockets and is designed with invisible elastic cuffs.

LITE HOODED JACKET

This lightweight padded jacket with hood is made of recycled polyester, and insulated with 25% extra premium DuPont™ padding than style 9644. The matte textured 1×1 ripstop fabric and clean Scandinavian design gives this jacket a modern silhoutte. It features a quality SBS zipper, inner pocket, 2 large front pockets and is designed with invisible elastic cuffs.

LITE BODYWARMER

Our Lite Bodywarmer is your new go-to on those semi-cold days. It has a light feel, is water-repellent and features practical details such as front pockets and an adjustable hem. And, as part of our Conscious jacket collection it is made from recycled plastic waste.

keeping warm

BUSINESS JACKETS

Our collection of business jackets caters to styleconscious men and women who want to look their best while staying warm. Whether you prefer a long or a short jacket, these classic and timeless styles will make you look and feel your best while staying warm in even the coldest weather. Each business jacket is crafted from a soft two-layer stretchable fabric with Spandex and an 8.000 mm. membrane and insulated with DuPont[™] padding.

ALL WEATHER JACKET

This modern jacket is crafted in high quality stretchable, waterproof material with premium Dupont[™] padding. It has a high stylish collar and spacious front pockets with warm lining. If you want a modern and sporty business jacket in a practical length, this is the one to complete your perfect outfit.

ALL WEATHER PARKA

The All Weather Parka is a long city parka with a classic yet sporty vibe, perfect for the modern business man or woman. It has a smooth and flawless surface and features two large front pockets and a spacious inner pocket. The men's edition has a high collar, while the women's edition features a perfect fitted hood. The magnetic invisible buttons make for a stylish and functional detail.

THE CLUB JACKET

This functional lightweight Club Jacket is made of high quality and stretchable recycled fabric. It features a quality SBS zipper, two large front pockets, inner pocket and designed with a practical rib solution at bottom hem and sleeve hem.

URBAN JACKETS

In our Urban jacket collection you'll find comfortable and functional jackets with a casual and sporty look. Like Urban Adventure jacket, which is a premium outdoor jacket crafted in a two-layered water-repellent material. Filled with DuPont[™] padding and made from premium materials, this jacket is guaranteed to keep your warm and comfortable all day – even in cold and rainy autumn weather.

RICHMOND JACKET

The Richmond jacket is characterized by a supreme, long-lasting quality, a shaped fit and a slightly aristocratic vibe. The diamond quilted pattern with lightweight padding, stylish elbow patches and the detailed collar gives this jacket a sophisticated and classic look. It's perfect for a day in the countryside or a break in the city.

NEWPORT JACKET

Trendsetting sporty jacket in soft quality 300T polyester with Cordura details and high quality soft DuPont™ padding. This jacket features two large front pockets, inner pocket and a hidden chest pocket. The hem and cuffs are finished with a flexible elastic band. For the customer that wants to stay casual with a super trendy and cool look.

how to measure

GUIDE

MEASURE YOURSELF

All measurements are taken directly on the body.

H e i g h t Measure from top of the head to bottom of your feet.

C h e s t Measure around the widest place of your chest.

H i p Measure around the widest place of your hips.

Men	XS	S	М	L	XL	2XL	3XL	4XL	5XL
Height		173	178	183	188	193	194	195	196
Chest		94	100	106	112	118	124	130	136
Нір		95	101	107	113	119	125	131	137

Women									5XL
