# SWEATSHIRTS

OUR INVENTION THAT STARTED IT ALL

When Benjamin Russell introduced his design for an all cotton sweater, he pioneered sports teamwear forever. This original spirit of the sweatshirt remains a key moment in team culture.

Our new Authentic colours hold up this spirit. Most carefully considered, the new palette is not only spot on trend but here to make a mark and stay.

From collegiate uniforms to corporate teamwear, our Russell Sweatshirts are true timeless classics.

# RUSSELL

BELONG TO A BETTER FUTURE

For years, we have been doing the right thing when it comes to acting respectfully and being sustainable. While we have made a lot of progress, we also realise that there is much more to do. That is why we are committed to doing even more and to make our goals and achievements public. The embodiment of this commitment is BELONG TO A BETTER FUTURE - our sustainability plan to deliver great products, fit for our changing world.

# DISCOVER HOW WE WORK

## SUPPLY CHAIN TRANSPARENCY

Today, we already disclose 100% of our Tier 1 suppliers, owned facilities and licensees' factories.

We have a commitment to map our entire supply chain back to raw materials by 2025. In 2021, we mapped 18% of our Tier 1 supply chain, exceeding our annual phasing goal by 23%. Of those engaged suppliers, 45% were mapped back to raw materials.

## 75% WIND ENERGY

75% of the electricity we use in our Moroccan facilities comes from renewable energies (wind farm).

## DIVERSITY

We believe our differences make us stronger and for this reason, we are committed to creating a workplace where everyone is treated with respect and empowered to contribute equally. We want to foster an inclusive culture of belonging for all employees, an intention that refines our focus on attracting, retaining and developing diverse talent.

# FOR A BETTER TOMORROW

## ORGANIC COTTON

Driving awareness on environmental issues and quality are the core values of our Russell Pure Organic® products which are made from 100% Organic cotton.

We want to support your efforts in making the world a better place by offering eco-friendly, long lasting and fair produced clothing.

In addition, we are very proud that all of our Russell products are tested for harmful substances and certified according to STANDARD 100 by OEKO-TEX®.

## ZERO WASTE

Our sustained commitment to waste reduction means all our facilities are zero waste.

This vital achievement is made possible through process optimization at every location that looks to better utilize all fabric as well as collaborative partnerships across our supply chains to divert waste from landfills.
